

The Night After Kyuss' Inauguration as Captain

Q&A Corner

(That I've Been Neglecting Lately)

■ I have no idea which is Astra and which is Kyuss.

The shorter one with drooping eyes and a somewhat slimmer build is Kyuss. However... I made the Kyuss training on the last page too beefy, but I only realized it after I drew him...

■ As an organization, who does the Holy Chivalric Order answer to?

I drew them similar to the JSDF, but I wonder who the JSDF answers to? (I have no idea)

■ In regards to Astra's physique

There were indications that he looked chubby from the hot spring drawing, but I actually deliberately draw him plump. Astra has a good amount of fat, because he's an old guy who likes sweets. Regarding his nether region, it's proportionate to his height.

■ 名古屋でサイン会やらないの

やりません。ごめんなさい。名古屋の人多いですね。

大阪なら個人的に6/23にブライントカーディアン大阪公演観に行くのでBIGCATで半虫と握手！
というか、宇生さんが多いですね。自分の作業的に、右巻にはワケない漫画家と思ってました。
